# THE AMERICAN SPEECH AND HEARING ASSOCIATION

The American Speech and Hearing Association is a professional and learned association with a current membership of 4,495. Begun in 1925 as the American Academy of Speech Correction, the organization became the American Society for the Study of Disorders of Speech in 1927, the American Speech Correction Association in 1934, and assumed its present name in 1947. Formal annual conventions have been held since 1925, and membership records have been kept since 1926.

## PURPOSE

'The purposes of this organization shall be to encourage basic scientific study of the processes of individual human speech and hearing, promote investigation of speech and hearing disorders, and foster improvement of therapeutic procedures with such disorders; to stimulate exchange of information among persons thus engaged, and to disseminate such information.' *By-Laws of ASHA, Article II.*

## MEMBERSHIP

There are two classes of membership: Members (3,860) are required to hold Bachelor's degrees or higher in the general area of the Association's interests; Associates (635) have no academic requirements. Members who have reached the age of 65 and have retired from active professional work may become Honorary Life Members. Members who have achieved unusual professional or scientific achievement may be elected to the Fellowship upon recommendation of the Committee on Honors. Membership application cards may be obtained by writing to the Secretary-Treasurer, George A. Kopp, Speech and Hearing Clinic, Wayne State University, Detroit 2, Michigan.

## CLINICAL CERTIFICATION

The Association carries on a program of clinical certification for Members who desire it. For these purposes, Speech and Hearing are regarded as separate areas. In each area two levels are defined: Basic and Advanced. A Basic Certificate indicates that the holder thereof is capable of performing general clinical duties under supervision and guidance; an Advanced Certificate indicates that he has demonstrated ability to conduct clinics, train others in the arts and skills of the profession and is a fully trained professional worker. A qualified Member may be certified in both areas, Speech and Hearing, although joint certificates are not issued. Such a Member may hold a Basic Certificate in one area and an Advanced Certificate in the other, or the levels may be the same. *A person must be a Member of the American Speech and Hearing Association before his application for clinical certification can be processed.*

Members who desire clinical certification should address the Chairman of the Committee on Clinical Certification, Dr. Ruth Beckey Irwin, Department of Speech, Derby Hall, Ohio State University, Columbus 10, Ohio.

## PLACEMENT REGISTRY SERVICE

A Placement Registry Service is maintained in the office of the Secretary-Treasurer for all Members seeking employment or change of employment. Two lists are prepared bi-monthly: one of the Members seeking employment, which is sent to potential employers, and one of employers who are registered with the Placement Service, which is sent to listed Members. There are no charges for the Placement Service which is available to Members of the Association only.

## PUBLICATIONS

The Association publishes *The Journal of Speech and Hearing Disorders.* It was issued first in 1936 as *The Journal of Speech Disorders,* and appeared under that title through Volume 12 for 1947. The Journal is published five times yearly and the Directory of Members is published annually as the October issue. Monograph Supplements are published irregularly.

# PATTERN OF PROFESSIONAL GROWTH

The following figure shows the growth of membership. The data for years 1926-1935 are taken from the individual dues payment records for those years; for 1936 the data are taken from cash book entries; for the following years the data are taken from the published Membership Directory. The extrapolations shown on the graph are based on formulas used by the Committee on Association Planning.

# BY-LAWS OF THE AMERICAN SPEECH AND HEARING ASSOCIATION

Adopted December 29, 1951

Revised October 27, 1954

**Article I. Name**

The name of this corporation shall be the American Speech and Hearing Association.

**Article II. Purpose**

The purposes of this organization shall be to encourage basic scientific study of the processes of individual human speech and hearing, promote investigation of speech and hearing disorders, and foster improvement of therapeutic procedures with such disorders; to stimulate exchange of information among persons thus engaged, and to disseminate such information.

**Article III. Membership**

*Section 1. Classes of Membership*

The membership of this Association shall consist of two classes: Members and Associates. The Members shall comprise the voting body of the Association. The right to hold office shall be limited to Members.

*Section 2. Eligibility*

a. The requirement for Members shall be the bachelor's degree or higher in the general area of speech and hearing or tangent areas, except that this requirement may be waived in special instances by recommendation of the Committee on Membership and two-thirds vote by the Executive Council.

b. There shall be no requirements for Associates.

*Section 3. Termination of Membership and Privileges*

a. Any Member or Associate who violates the By-Laws or the Code of Ethics of the Association shall be suspended by a three-fourths vote of the Executive Council. Persons who have been suspended may, upon recommendation of the Committee on Ethical Practice, be reinstated after one year by two-thirds vote of the Executive Council.

b. A Member or Associate whose dues are not paid by January 15 shall not receive the official publications of the Association until his dues have been paid for the current year.

c. A Member or Associate whose dues are in arrears on January 15 of the second year shall be automatically dropped from the rolls of the Association.

**Article IV. Dues**

The annual dues of the Association for Members and Associates shall be recommended by the Executive Council and approved by the Membership. Dues are payable in advance for the membership year, beginning January 1. All Members and Associates shall receive all official publications of the Association, including the *Journal of Speech and Hearing Disorders*, Monograph Supplements thereto, and the Annual Directory.

**Article V. Officers**

*Section 1. Designation*

The officers of this Association shall be:

President
Executive Vice-President
Vice-President
Secretary-Treasurer
Editor of the Association

*Section 2. Duties*

a. The President shall be the chief executive officer of the Association. It shall be his duty to preside at all regular meetings of the Association, to call emergency meetings of the Association, Executive Council, or any of its committees, to appoint at the direction of the Executive Council all members of committees except those specified to be elected, and to promote the interests of the Association in all ways.

b. The Executive Vice-president shall be responsible for maintaining key policies of the Association and for administering continuing long-term matters involving Association policy. He shall serve as the chief liaison officer of the Association, and be ex-officio Chairman of the Committee on Liaison.

c. The Vice-President shall be ex-officio Chairman of the Committee on Convention Program.

d. The Secretary-Treasurer shall record and file the regular minutes of all official meetings of the Association. He shall receive and file copies of the minutes of important committee meetings and copies of reports of officers and committee chairmen. He shall handle all correspondence

necessary to the proper performance of his official duties. He shall also serve as ex-officio Chairman of the Committee on Membership, and in this capacity receive applications for membership, keep a record of action taken, and maintain a current membership list.

The Secretary-Treasurer shall be entrusted with the collection and safeguarding of the Association's lawful funds, subject to the expressed wishes of the Members of the Association in their official meetings. He shall be bonded, shall be the only official of the Association authorized to draw money from the Association's funds and make expenditures, and his accounts shall be subject to annual audit. All routine expenditures as outlined in the budget prepared by the Committee on Budget shall be made by him; unusual expenditures will be referred to that Committee for action. He shall be business manager of all Association publications and manage the business matters attendant to the annual convention.

e. The Editor of the Association shall have general supervision of all publications of the Association. He shall be Chairman ex-officio of the Committee on Publications.

f. Each officer shall present to the Executive Council, at the time of its annual meeting, a written report of his official activities.

*Section 3. Officers-Elect*

All officers shall be elected one year prior to the assumption of their duties. Officers-elect shall be members of the Executive Council. In the event of the incapacity or resignation of any current officer the officer-elect shall immediately succeed to the office to complete the unexpired term as well as the term for which he has been elected.

*Section 4. Removal from Office*

Any officer may be removed from office by three-fourths vote of the Executive Council and three-fourths vote of the Members voting, providing the action was initiated by the signed petition of at least ten Members.

**Article VI. Executive Council**

*Section 1. Designation*

The Executive Council of the Association shall consist of the Officers, the Officers-Elect, the most recent ex-president, the Chairmen of the Committee on Clinical Certification and the Committee on Ethical Practice, and six Councilors-at-Large, at least one of whom shall be from the area of speech disorders, one from the area of hearing disorders, and one from the area of basic speech and hearing sciences.

*Section 2. Meetings*

Regular meetings of the Executive Council shall be held each year at the time and place of the annual convention; special meetings may be held at any other times when necessary as called by the President. When it is impossible to gather a majority of the Councilors for a special meeting, business may be conducted by mail ballot. A quorum shall consist of the Councilors present or answering the mail ballot, as the case may be.

*Section 3. Powers and Duties*

The Executive Council shall exercise general management of the affairs of the Association, and shall be the financial and business instrument of the Association. It is the body to which all Officers and Committees of the Association report and are immediately responsible. In general, its duties shall be executive, and it is empowered to perform all such duties as are set forth elsewhere in the By-Laws. Its actions in such matters shall be reported to the Membership at the annual business meeting for information. Where specified elsewhere in the By-Laws, certain matters of business shall be referred to the Membership for action either at the annual business meeting or by mail ballot.

**Article VII. Elections**

*Section 1. Terms of Office*

The terms of office shall be as follows:

| | |
|---|---|
| President | One Year |
| Executive Vice-President | Four Years |
| Vice-President | One Year |
| Secretary-Treasurer | Four Years |
| Editor of the Association | Four Years |
| Chairman, Committee on Clinical Certification | Four Years |
| Chairman, Committee on Ethical Practice | Four Years |
| Councilors-at-Large | Three Years |

All terms of office shall begin on January 1.

*Section 2. Elections*

Two Councilors-at-Large and the necessary Officers-Elect and Committee Chairmen shall be elected annually. Nominees shall be presented at the annual business

meeting by the Executive Council upon recommendation of the Committee on Nominations. Further nominations may be made from the floor. Election shall be by mail ballot of the entire Membership. The requirement for election shall be a plurality of the votes cast by members within 14 days of the date of mailing of the ballots.

*Section 3. Vacancies*

In the case of long-term officers, if the vacancy occurs before the election of an officer-elect, the office shall be filled by election at the next annual business meeting, and, if necessary, the Executive Council shall be empowered to appoint an officer *pro tem* to discharge the responsibilities of the office until the time of such business meeting. If a vacancy occurs for any reason among members of the Executive Council, other than officers, it may be filled for the unexpired term by action of the Executive Council.

**Article VIII. Committees**

*Section 1. General Duties*

The regular, continuing business of the Association shall be carried on by a group of standing committees as listed in the following sections. The Chairman of each committee shall prepare for the Executive Council a written report of the year's activities. This report shall be in the hands of the President at least 30 days prior to the annual business meeting. The President, subject to ratification by the Executive Council, may appoint temporary committees to carry out specific duties not provided for in the Standing Committees. All committees are directly responsible to the Executive Council.

*Section 2. Committee on Committees*

The Committee on Committees shall consist of the Officers of the Association and the President-Elect, who shall be Chairman. Its duties shall be to recommend to the Executive Council the appointive personnel of all committees for the succeeding year.

*Section 3. Committee on Nominations*

The Committee on Nominations shall consist of four appointive members and the most recent ex-president, who shall be Chairman. The Committee shall prepare nominations for all Officers and Council members to be elected at the annual meeting and submit these nominations to the Executive Council for approval or revision and recommendation to the Membership.

*Section 4. Committee on Budget*

The Committee on Budget shall consist of the President, the Editor of the Association, and the Secretary-Treasurer who shall serve as Chairman. The Committee shall be responsible for the preparation of the Association budget, and shall act upon all exceptional expenditures not otherwise authorized.

*Section 5. Committee on Liaison*

The Committee on Liaison shall consist of the President, Vice-President, Secretary-Treasurer, Editor of the Association, Chairman of the Committee on Clinical Certification, Chairman of the Committee on Ethical Practice, and Executive Vice-President, who shall be Chairman. The Committee shall study the relationships of the Association to other Associations, to various federal and state offices and bureaus, to allied professions and areas, and shall search for methods of fostering such relationships.

*Section 6. Committee on Convention Program*

The Committee on Convention Program shall consist of the Vice-President-Elect, the Vice-President, who shall be Chairman, and additional members as shall be required to discharge the duties of the committee. The Committee shall have complete charge of preparing the professional program for the annual convention, relying on the Secretary-Treasurer for completion of all business arrangements necessary thereto.

*Section 7. Committee on Membership*

The Committee on Membership shall consist of three Members, one each from the fields of speech disorders, hearing disorders, and basic speech and hearing sciences, and the Secretary-Treasurer, who shall be Chairman. The Committee shall process applications of Members and Associates, and exercise general supervision over matters relating to membership. The Committee shall be empowered to qualify applicants at any time, subject to requirements stated elsewhere in these By-Laws and to reversal, when necessary, by two-thirds vote of the Executive Council.

*Section 8. Committee on Honors*

The Committee on Honors shall consist of five members who are Fellows and the President-Elect, who shall be Chairman. This Committee shall receive nominations for Fellowship submitted by any Fellow and shall transmit such nominations to a

vote of the Executive Council; it shall make recommendations to the Executive Council for Honors of the Association; and it shall submit to the Executive Council the customary annual resolutions regarding individuals and agencies to whom the Association owes its thanks.

*Section 9. Committee on Clinical Standards in Speech*

The Committee on Clinical Standards in Speech shall consist of a Chairman who is appointed for a three-year term, and four other members, all of whom hold the Advanced Clinical Certificate in speech. The Committee shall study and define the requirements for certification of clinical competency in speech and refer its recommendations regarding requirements for certification to those persons who have been certified in speech, and in this the Committee shall be regarded as representative of those persons. The resulting recommendations shall be transmitted to the Executive Council for approval. The Committee shall continuously study the existing standards and recommend methods for raising standards.

*Section 10. Committee on Clinical Standards in Hearing*

The Committee on Clinical Standards in Hearing shall consist of a Chairman who is appointed for a three-year term, and four other members, all of whom hold the Advanced Clinical Certificate in hearing. The Committee shall study and define the requirements for certification of clinical competency in hearing and refer its recommendations regarding requirements for certification to those persons who have been certified in hearing, and in this the Committee shall be regarded as representative of those persons. The resulting recommendations shall be transmitted to the Executive Council for approval. The Committee shall continuously study the existing standards and recommend methods for raising standards.

*Section 11. Committee on Clinical Certification*

The Committee on Clinical Certification shall consist of a Chairman elected for a term of four years and at least eight other appointive members, four in speech and four in hearing, all of whom hold the Advanced Clinical Certificate. The Committee shall process applications for certification, employing the qualification standards established by the Executive Council on recommendation of the Committees on Clinical Standards in Speech and Clinical Standards in Hearing. Each application shall be acted upon by at least two members holding Advanced Certification in the area (speech or hearing) in which the applicant is seeking certification, plus one other Committee member. Based upon its study of the qualifications presented by the applicants, the Committee shall submit recommendations concerning changes in standards to the Committees on Clinical Standards in Speech and Clinical Standards in Hearing.

*Section 12. Committee on Ethical Practice*

The Committee on Ethical Practice shall consist of four members, including one each from the fields of speech, hearing, and basic speech and hearing sciences, who shall be appointed every other year, and an elected Chairman. The Committee shall be responsible for the formulation of the Code of Ethics, shall investigate violations of this Code, and shall recommend any action to be taken by the Executive Council as a result of such violations.

*Section 13. Committee on Terminology*

The Committee on Terminology shall consist of five members, each of whom shall be appointed for a term of four years, with one member newly appointed each year. The Committee shall offer advice in any matter involving terminology on which its counsel is sought by the Association or members thereof, and on any projects undertaken by the Association in which terminology is of concern.

*Section 14. Committee on Time and Place*

The Committee on Time and Place shall consist of three appointive members and the Executive Vice-President, who shall be Chairman. The Committee shall study and make recommendations to the Executive Council concerning arrangements for dates and locations for future conventions.

*Section 15. Committee on Publications*

The Committee on Publications shall consist of the Editor of *The Journal of Speech and Hearing Disorders*, the Editor or Editors of any regular publications which may later be established, the Business Manager, and three additional appointive members, one each from the fields of speech disorders, hearing disorders, and basic speech and hearing sciences, each of whom shall be appointed for a term of three years, with one member newly appointed each year.

## Article IX. Clinical Certification

*Section 1. Designation*

The Association defines two levels of clinical competence, Basic and Advanced, in each of the separate areas, speech and hearing. Any Member who so desires may apply for certification at either level in one or both areas; if in both, the levels of certification need not necessarily be the same. Upon review of his qualifications in light of the standards set by the Executive Council upon recommendation by the Committees on Clinical Standards in Speech and Clinical Standards in Hearing, the Committee on Clinical Certification will issue, with approval by the Executive Council, the certificate or certificates for which the member qualifies. These certificates will be renewed annually as long as the individual remains a Member in good standing of the Association. Certification by the Association shall be considered as evidence of clinical competency.

*Section 2. Code of Ethics*

A Code of Ethics, formulated by the Committee on Ethical Practice and approved by the Executive Council, shall contain the principles of professional and scientific responsibilities by which Members shall be bound. Any violations brought to it for action by the Committee on Ethical Practice shall be acted upon by the Executive Council.

Charges of violations shall be presented in writing to the Committee on Ethical Practice. After proper investigation, if the Committee finds the charges warranted, it may issue warning to the Member in question. If such warning is disregarded, or if the nature of the violation is such as to render warning inappropriate, the Committee may recommend disciplinary action by the Executive Council. The accused Member may present a statement in his behalf to the Council, but, if no statement is offered, the Council may act without it.

## Article X. Association Honors

*Section 1. Honors of the Association*

The Honors of the Association may be presented to an individual by the Executive Council upon recommendation by the Committee on Honors. This award recognizes distinguished contribution to the field of speech and hearing and is the highest honor the Association can give.

*Section 2. Fellowship*

Fellowship, an award recognizing professional or scientific achievement, may be given to a Member upon transmittal by the Committee on Honors and approval by three-fourths vote of the Executive Council.

*Section 3. Honorary Life Members*

Any Member, upon attaining the age of 65, may apply for and automatically receive Honorary Life Membership with all privileges of a Member. Annual dues will be waived.

## Article XI. Conventions

Conventions of the Association shall be held annually at a time and at a place determined by the Executive Council. Conventions will be held only in establishments in which meetings can be held without discrimination on the bases of race, religion, or color. The programs of each convention shall include at least one business meeting of the Association. Only persons who are Members in good standing may attend business meetings. The responsibility for arranging the conventions shall be shared by the Committee on Program and the Secretary-Treasurer, according to their duties as outlined in these By-Laws.

In periods of emergency, the Executive Council may, by three-fourths vote, cancel the annual convention. In this case, the Executive Council shall be empowered to transact all business that would ordinarily be brought before that meeting.

## Article XII. Publications

*Section 1. Official Publications*

The Association shall publish a periodical entitled *The Journal of Speech and Hearing Disorders*, shall issue such Monograph Supplements to the *Journal* as recommended by the Editor of the *Journal*, the Committee on Publications and the Committee on Budget and shall publish annually a Directory of the membership rolls.

*Section 2. The Journal of Speech and Hearing Disorders*

The Editor of *The Journal of Speech and Hearing Disorders* shall be appointed by the Committee on Publications, subject to ratification of the Executive Council, for a term of four years, synchronized with the term of the Editor of the Association. He shall have immediate editorial responsibility for the *Journal*, including its Monograph Supplements and its Directory Supplements. He shall be responsible to the Committee on Publications.

The Editorial Staff of the *Journal* shall consist, in addition to its Editor, of at least four Associate Editors and such Department Editors and Assistant Editors as are necessary, appointed by the Editor of the *Journal*, subject to ratification by the Committee on Publications.

The Editor of the *Journal* shall make an annual report to the Committee on Publications for inclusion in that Committee's annual report to the Executive Council.

*Section 3. Business Manager*

The Secretary-Treasurer shall be the Business Manager of the Association's publications. He shall submit a detailed and audited financial report of Association publications to the Executive Council at the end of each fiscal year.

*Section 4. Appropriations*

Not less than 50 per cent of the amount of annual dues received by the Association shall be allocated for publications. Funds thus accumulated which are not expended during the fiscal year shall be retained for use on future publications.

**Article XIII. American Speech and Hearing Foundation**

*Section 1. Creation of Foundation*

Pursuant to authority invested in this corporation (hereinafter referred to as the 'Association') by Article Fifth, and particularly Article Fifth (2), of its Articles of Incorporation, the sum of $500.00 has, by the Association's Executive Council, in accordance with resolution duly and regularly adopted on November 18, 1956, been segregated, allocated, and set apart from the Association's surplus, and transferred to 'American Speech and Hearing Foundation' (hereinafter called the 'Foundation'), in trust and upon trust, nevertheless, exclusively for the charitable uses and purposes specified in said Article Fifth (2) of this Association's Articles of Incorporation under supervision of the Executive Council. Such fund, including all revenue and income thereof and all increment thereto, and all funds and property of whatsoever kind or nature hereafter contributed to or received by said Foundation, shall constitute a separate and special fund or foundation, and shall be devoted and used exclusively for the aforesaid charitable purposes specified in Article Fifth (2) of this Association's Articles of Incorporation.

*Section 2. Power and Authority*

The Executive Council of American Speech and Hearing Association shall hold, invest, manage, and administer all property of said Foundation, including all property hereafter contributed to or obtained by said Foundation from any source, exclusively for the charitable uses and purposes aforesaid, with full power and authority to do any and all things, whether or not herein specified, deemed by them to be necessary or advisable in order to effectuate and carry out the exclusive charitable purposes of the Foundation, and shall, by way of illustration and not in limitation of the foregoing general grant of authority, be invested with authority to receive, take, possess, hold, control, supervise, manage, administer, allot, care for, collect, contract with respect to, grant, bargain, sell, convey, transfer, assign, exchange, retain, dispose of, convert, deal with, construct, reconstruct, improve, repair, invest, reinvest, lease, let, demise, mortgage, pledge, hypothecate, incumber, release, sue for, defend against, and otherwise to manage, administer, and control the property and assets of the Foundation: to retain and to invest funds and property of the Foundation in any and every kind and type of property, regardless of whether the same is of a type in which the Trustees are or may be authorized to invest or prohibited from investing trust funds in the absence of this general authorization; to determine funds in the absence of this general authorization; to determine whether money or property coming into their possession shall be treated as principal or as income, or as partly principal and partly income, and to allocate, charge, or apportion any and all receipts and expenditures to principal or income, or partly to principal and partly to income, as the Executive Council deems advisable; to select and employ in and about the execution of their trust suitable agents and attorneys, including a trust company or companies, to whom may be delegated, with the right of revocation reserved, such powers of managing and investing the Foundation's funds as the Executive Coun-

cil deems advisable, and to pay their reasonable compensation and expenses, nor shall the Executive Council be held liable for neglect, omission, or wrong doing of such agents or attorneys provided reasonable care was exercised by the Executive Council in their selection; and to execute and deliver any and all such contracts, deeds, leases, mortgages, agreements, and other documents and instruments as may be necessary or proper in order to effectuate any power expressly or impliedly invested in them by these By-Laws or otherwise.

*Section 3. Reports*

The President shall present an annual report of the Foundation to the Association's Executive Council at each annual convention of the Association.

*Section 4. General Purposes—Restrictions*

The Foundation has been organized and shall be operated exclusively for, and all funds and property of the Foundation shall be devoted and used in the United States of America, and its possessions, exclusively for, the purposes specified in Article Fifth (2) of the Association's Articles of Incorporation, *to-wit,* for charitable, scientific, literary, or educational purposes, or for any one or more or all of such purposes, subject to all of the restrictions, conditions, and prohibitions specified in said Article Fifth of said Articles of Incorporation. In event said Foundation shall for any reason be or become terminated, whether by dissolution or liquidation of said Foundation or of the Association, either or both, or for any other reason, then and in such event all of the property and funds of said Foundation shall be paid over, assigned, transferred, distributed, and used exclusively for one or more of the above-mentioned charitable purposes of said Foundation, nor shall the property or funds of said Foundation under any circumstance or in any event be commingled with the property or funds of the Association or revert or be returned to the Association, and separate books, records, and accounts shall by the Executive Council be kept and maintained for the Foundation, completely distinct and apart from the books, records, and accounts of the Association.

**Article XIV. Amendment**

Amendments to these By-Laws may be initiated by the Executive Council or in a written proposal signed by any 10 members. Proposed amendments, if passed by a majority vote of the Executive Council, shall be presented for discussion at the annual business meeting. Vote shall be by mail ballot of the entire Membership. Two-thirds vote of those Members voting within 21 days from the mailing of the ballots will be necessary for adoption.

# CODE OF ETHICS
## of the
# AMERICAN SPEECH AND HEARING ASSOCIATION

*Section 1. Ethical Responsibilities of Members and Associates*

The American Speech and Hearing Association is composed of persons having varying interests and professional duties, but certain broad ethical principles apply to the entire membership. The application of these principles to individual cases will depend on the particular circumstances of the professional duties and status of the persons involved.

It is convenient to divide the ethical responsibilities of persons in clinical professions into (1) those duties arising out of the relation between the professional worker and the person who seeks his assistance; (2) duties owed to other professional workers; and (3) obligations to society. These classifications are arbitrary, for actually the duties and responsibilities of the professional worker are indivisible. Any one of these ethical duties clearly implies the other two.

A. The most frequent professional relationship involving Members of ASHA is that of therapist to patient. The ethical responsibilities of this relationship demand that the welfare of the patient be considered paramount. Accordingly, the therapist must possess suitable qualifications for engaging in clinical work. Measures of such qualifications are provided by the Association's program for certification of the clinical competence of Members. The therapist must use every resource available, including referral to other specialists as needed, to effect as great improvement as possible in the shortest time consistent with good professional practice. Every precaution must be taken against causing any sort of injury to the patient. These general principles are understood and accepted by the profession and the public alike. Their application is the daily task of every professional clinical worker.

Another frequent professional relationship of ASHA Members and Associates is that of teacher to student. The broad ethical responsibilities of the teacher who is a Member or Associate of ASHA are in no way different from those of any other teacher, and no special statement of ethical requirements is in order.

B. The duties owed by Members and Associates to other professional workers are many. They should disseminate results of research and developments in speech and hearing therapy. They should avoid personal controversy, but should seek the freest professional discussion of all theoretical and practical issues. They should establish harmonious relationships with members of other professions, and should especially endeavor to inform them concerning the services that can be rendered by speech and hearing therapists. They should strive to promote the status of ASHA, of the professions of speech and hearing therapy, and of all therapy for and research concerning handicapping conditions.

C. The duties owed to society include, first, all the obligations of good citizenship which devolve upon members of human society. As persons with special training, ASHA Members and Associates have additional special responsibilities. They should help in the education of the public regarding speech and hearing problems and other matters lying within their professional competence. They should seek to provide and expand services to persons with speech and hearing handicaps, and assist in establishing high professional standards for such programs.

*Section 2. Unethical practices*

A. It shall be considered unethical:

1. To guarantee the results of any speech or hearing consultative or therapeutic procedure. Any guarantee of any sort, express or implied, oral or written, is contrary to professional ethics. A therapist may always make a reasonable statement of prognosis,

---

Prepared by the Committee on Ethical Practice for 1951 (James F. Curtis, Darrel J. Mase, S. Richard Silverman, Kenneth Scott Wood, Spencer F. Brown, Chairman), this revised statement of the Code of Ethics was approved by the Executive Council and by the Membership at the 1951 Annual Convention.

but a 'cure' or other specific favorable outcome is dependent upon many factors outside the therapist's control. Hence any warranty is deceptive and unethical.

2. To employ blatant or sensational advertising. The only form of advertising permissible is the so-called 'business card,' consisting of the name of the person or institution, the type of therapy offered, office hours, address, and telephone number. The words 'type of therapy' refer to such phrases as 'Speech Therapy,' 'Speech and Hearing Therapy,' 'Disorders of Speech,' and similar phrases. Members not holding clinical certification are expressly forbidden to use the name of the Association in advertising or any other professional promotion.

3. To diagnose or treat speech or hearing defects by correspondence. This does not preclude correspondence follow-up of patients previously seen personally.

4. To violate the patient's confidence by revealing any information obtained from or about him without his express permission. Case records must not be used in teaching in such a way as to permit identification of their subjects.

5. To write or say anything which may discredit professional colleagues or members of allied professions other than that based on adequate and objective evaluation of their work.

6. To exploit patients (a) by accepting for treatment patients whose defects cannot reasonably be expected to improve under therapy offered; (b) by continuing therapy unnecessarily; (c) by charging exorbitant fees.

7. To deal with speech patients requiring medical treatment without the advice of a physician.

8. For any student in training, whether on the undergraduate or the graduate level, to treat speech or hearing patients except as this treatment is given under competent supervision and as part of the training program. It will not, however, be considered unethical for a graduate student who holds a Basic Certificate to engage in part-time speech or hearing therapy which is not part of the training program, provided that explicit approval of the director of such training program is secured in advance. A person holding a full-time clinical position and taking part-time graduate work is not, for the purpose of this Section, regarded as a student in training.

9. For any unqualified Member or Associate to treat speech or hearing patients, except under the supervision of one who is properly qualified.

10. To accept compensation from a dealer in prosthetic or other devices for recommending any particular device.

B. In addition to those which have been listed, other practices or actions might have an undesirable effect upon the patient, on relations with other professional personnel, or upon society, and would thus be unethical. It shall be the duty of the Committee on Ethical Practice to decide, in the light of all information it can collect, whether any specific act is in violation of the spirit of these Principles of Ethics.

# CLINICAL CERTIFICATION REQUIREMENTS

## of the

# AMERICAN SPEECH AND HEARING ASSOCIATION

To help the speech and hearing handicapped obtain high quality rehabilitation programs and to maintain standards throughout the profession, the American Speech Correction Association in 1942 adopted a program for certifying speech correctionists. When the Association was broadened to include persons interested in hearing, standards for certification in this area were developed. In 1950 the Association voted to reorganize its membership framework and, in this reorganization, clinical certification was removed as a membership requirement. There are now two classes of membership, Member and Associate. To become a Member an applicant is only required to hold the Bachelor's degree or higher in the general area of the Association's interests; Associates have no academic requirements. There are four certificates of clinical competence: the Basic and the Advanced in Speech, and the Basic and the Advanced in Hearing.

At the 1950 Annual Convention a Committee on Clinical Standards in Speech and a Committee on Clinical Standards in Hearing were established to study and define the requirements for certification of clinical competency in their respective areas. After a detailed analysis of certification problems, these Committees developed tentative minimum standards for the basic and advanced certificates in the two fields and submitted their proposals to persons who had previously been certified for their evaluation. These standards were carefully considered by the Executive Council. At the 1951 Annual Convention, the Association approved a set of minimum standards for certification which reflected the thinking of the Standards Committees, persons in the field who had been previously certified, the Executive Council, and the Association Membership. These standards are outlined in Table 1.

Also, at the 1950 Annual Convention, a Committee on Clinical Certification was established to process applications for clinical certification, employing the qualification standards recommended by the Clinical Standards Committees. The By-Laws of the Association, as amended, specify that this Committee shall consist of an elective chairman and at least

These requirements were recommended by the Committee on Clinical Standards in Speech (Margaret E. Hall, Jack Matthews, D. C. Spriestersbach, Kenneth Scott Wood, Eugene T. McDonald, Chairman) and the Committee on Clinical Standards in Hearing (Merle Ansberry, Hallowell Davis, LeRoy D. Hedgecock, Hayes A. Newby, Leo G. Doerfler, Chairman), and approved by the Executive Council and by the Membership at the 1951 Annual Convention. The published statement was prepared by the Chairmen of the two Committees and revised in 1955 to include action taken after the requirements went into effect.

eight other appointive members, four or more in speech and four or more in hearing, all of whom hold the Advanced Clinical Certificate, and that each application shall be acted upon by at least two members holding Advanced Certification in the area (speech or hearing) in which the applicant is seeking certification, plus one other Committee member.

TABLE 1. Minimum requirements for clinical certification by the American Speech and Hearing Association.

**General Requirements**

1. A bachelor's degree or higher, as certified by transcripts from the awarding institution.
2. Membership in the American Speech and Hearing Association, as certified by the Chairman of the Committee on Membership.
3. Subscription to the Code of Ethics of the Association.
4. Payment of the certification fee, as required by Council action at the 1953 Annual Convention.

† Sponsor or sponsors must hold Advanced certification in the area or areas for which responsibility is assumed. It is to be understood that applicants may accumulate combined experience in some cases. In such instances, sponsors must be willing to certify that the experience is the equivalent of the indicated minima for essentially separate experience in each area.

7. Recommendation:
   For any Dual certification that includes Advanced certification in Hearing, the applicant shall present a favorable recommendation from the director of a speech and hearing program in a department or institution offering advanced degrees in the field of hearing and speech.

8. **Examination:**
   For any Dual certification that includes Advanced certification in Hearing, the applicant shall pass both sections of a written and oral examination. Other suitable evidence, as determined by the Committee on Clinical Standards in Hearing, may be accepted in lieu of the examination upon Council approval.

   See also Notes Concerning Certification Requirements, Definitions, and Procedures to be Following in Applying for Clinical Certification.

### Notes concerning certification requirements

1. These listings are not necessarily course titles but rather suggestions of course content.
2. Any excess credits in 'Basic areas' and 'Specialized, professional course content' may be counted as electives in 'Other areas.'
3. In evaluating credits, one quarter hour will be considered the equivalent of two-thirds of a semester hour.
4. Credit for theses may be allowed if the research is relevant to the area in which the applicant wishes to be certified. The maximum number of semester hours for theses credits shall be as follows: For the Master's degree—6 semester hours; for the Ph.D. degree—12 semester hours.
5. Requirements for the Advanced certificate include those for the Basic certificate. Candidates for the Advanced certificate have some options in distributing their training among the content areas; however, in each group the indicated minimum requirements must be met. No more than the indicated number of credits in each group will be counted toward the required total of 60 credits.
6. A certification fee of $15.00 is required for the processing of each application filed after January 1, 1954. It is payable as follows: $7.50 to be sent to the Chairman of the Clinical Certification Committee with the application forms (this amount is not to be refunded if the application is not approved) and $7.50 to be sent when the application is approved but before the certificate is issued. Checks should be made payable to the American Speech and Hearing Association.
7. A fee of $25.00 will be charged for an examination used to meet requirements in lieu of academic credit.

### Certification under the 'Grandfather' Provision (Old Standards)

By council action, the deadline for applying for certification under this provision has been extended indefinitely.

All persons who completed the academic requirements for the now obsolete Clinical Membership by June 15, 1952, and who have one year of experience may apply for Basic certification under the 'Grandfather' provision. All persons who completed the academic requirements for the now obsolete Professional Membership by June 15, 1952, and who

have four years of experience may apply for Advanced certification under the 'Grandfather' provision. Those applying for certification under this provision may report professional experience retroactively if their sponsors are willing.

Council approved the following three recommendations of the Committee on Clinical Standards in Hearing at the 1954 Annual Convention:

Dual certification at the advanced level may be awarded to any applicant who was a professional member of the Association prior to June 15, 1952 *and* who can present evidence of recognized professional activity in *both* areas prior to June 15, 1952.

Evidence of professional activity should be in the form of clinical practice, clinical supervisory responsibility, teaching, publications, participation in convention programs, direction of graduate research, committee assignments outside one's own institution, and similar high level professional activities.

Persons wishing to have this principle applied to their applications must submit all the materials required for a regular 'Grandfather' provision evaluation and be prepared to provide for the Committee on Clinical Certification such other data as may be required for the proper application of the principle.

The following are the requirements for the different types and levels of membership as defined by the Committee on Credentials in June 1949, and interpreted by the Executive Council in 1952 and 1953:

Associate

1. Good character and professional integrity.
2. Interest in speech correction or hearing field.
3. Bachelor's degree.
4. Actively engaged in or getting training in the field.
5. Signature of one Fellow or Professional Member.

Clinical Member—Speech

1. All qualifications for Associateship.
2. Eighteen semester hours in basic and specialized speech correction courses (distributed among phonetics, anatomy, and physiology of the speech and hearing mechanism, speech science, speech pathology and correction, clinical methods, *etc.*) Twelve semester hours must be in specialized, professional courses in speech correction and speech pathology.
3. Twelve semester hours in closely allied fields exclusive of the speech arts.
4. A total of 200 clock hours of supervised clinical practice in speech correction.
5. One full year (or the equivalent) of employment experience in speech correction under the sponsorship of a person who holds the Advanced Certificate in Speech. This experience must be reported on the "Summary of Professional Experience" form which, after completion by the applicant, must be signed by the sponsor.
6. The signature of two Fellows or Professional Members (*i.e.*, holders of advanced certification) on the application blank.
7. Official transcripts covering all the academic work listed in the application.

Clinical Member—Hearing

1. All qualifications listed under *Clinical Member-Speech* except as stated below.
2. Twelve of the required 18 semester hours must be in specialized professional courses in audiology.
3. A total of 200 clock hours of supervised clinical practice in audiology.
4. The year of professional experience should be in audiology primarily rather than in speech correction.

Professional Member—Speech

1. All qualifications listed under *Clinical Member-Speech* with the additions listed below.
2. Forty-two semester hours in basic and specialized courses in speech correction. (At least 21 of the required 42 semester hours must be in specialized, professional courses in speech correction and speech pathology. Not more than 9 semester hours in audiology may be counted.)
3. Four full years of employment experience in speech correction under the sponsorship of one or more persons who hold the Advanced Certificate in Speech.

Professional Member—Hearing

1. All qualifications listed above for *Professional Member-Speech* except as stated below.
2. At least 21 of the 42 required semester hours must be in specialized courses in audiology. Not more than 9 semester hours in speech correction may be counted.
3. Four full years of employment experience in audiology under the sponsorship of one or more persons who hold the Advanced Certificate in Audiology.

*Standards to be employed in awarding dual certification under the Grandfather Provision*

Course Work

| | |
|---|---|
| 1. Basic certification in both speech and hearing. | A total of 27 credits in both areas with no less than 12† in either area. |
| 2. Basic certification in one area and advanced certification in the other area. | A total of 51 credits in both areas with no less than 21† credits in the advanced area and no less than 12† credits in the basic area. |
| 3. Advanced certification in both areas. | A total of 63 credits in both areas with no less than 21† credits in either area. |

† Only the *specialized, professional courses* of each area may be counted here. Courses common to both areas, such as anatomy, phonetics, *etc.*, may be counted only toward the total.

Supervised Clinical Practice

1. A total of 300 clock hours with not less than 100 clock hours in either speech or hearing.

Professional Experience

| | |
|---|---|
| 1. Basic certification in both speech and hearing. | Two years, to be satisfied in one of two ways:<br>(1) one year in speech, one year in hearing.<br>(2) two years of combined experience which is certified by the sponsor as constituting adequate experience in both speech and hearing. |
| 2. Basic certifictaion in one area and advanced certification in the other area. | Five years, to be satisfied in one of two ways:<br>(1) one year in the area of basic certification and four years in the area of advanced certification.<br>(2) a total of five years of combined experience certified by the sponsor as constituting the equivalent of a minimum of one year in the basic area and three years in the advanced area. |
| 3. Advanced certification in both speech and hearing. | Six years, to be satisfied in one of two ways:<br>(1) a minimum ot two years in either speech or hearing.<br>(2) a total of six years of combined experience certified by the sponsor as constituting the equivalent of a minimum of two years in either area. |

**Definitions**

*Supervised clinical practice in speech and hearing.* This training should be received as part of the applicant's formal academic preparation for the profession of speech and hearing therapist. Such practice training or practicum course is usually taken for college credit and is distinguished from the 'professional experience' also required for the basic and advanced certificates.

Practice training must be received in a situation where conferences can be held with a clinician holding the Advanced Certificate in the appropriate area of speech or hearing. Supervision must involve personal observation and checking of the applicant's diagnostic and therapeutic procedures, frequent checking on his cases, and checking of his case records and reports. The training should provide experience with a variety of case types and ages.

Minimum standards for clinical practice:

1. Two hundred clock hours in such activities as employing diagnostic procedures, carrying out therapy, conferences with his supervisor, and preparing records will be required. When practicum is offered as a specific course the student should spend 45 clock hours in the above-listed activities for each semester hour of credit.

2. Observation time and time spent in preparation for therapy sessions may not be counted toward the 200 clock hours of supervised practicum.

3. The supervisor should observe the student clinican frequently enough to evaluate his skills in employing diagnostic techniques. He should be familiar with the problems presented by the patient in order to evaluate the effectiveness of the therapy employed by the student clinician to meet these problems. While the method of observation will vary, it is suggested that the supervisor should, in some way, observe the student clinician work with each of his patients approximately one out of every four treatment sessions. Diagnostic sessions should be observed more frequently.

4. While experience with a variety of cases is recommended, the beginning student clinician in speech should have an opportunity to work with at least three cases on an intensive basis and over a long enough period of time that positive results may be observed. Additional experience with other cases should be provided. Practice teaching must include some work with functional articulation cases.

The student hearing therapist should have experience with a variety of cases. Some experience should be gained in speech reading, auditory training, and speech improvement. Experience with a variety of diagnostic procedures in addition to pure tone testing is recommended.

5. The 200 clock hours should include experience with cases ranging in age from preschool through adolescence, stressing particularly the elementary school level. In addition to work with these age groups, the student hearing therapist should have some experience with adults, especially those presenting hearing problems common to old age.

6. The supervisor should arrange for each of his student clinicians to observe patients assigned to other student clinicians and then schedule staff meetings or conferences in which clinicians can discuss each other's patients. In this manner the clinical experiences of students may be widened.

7. Each student clinician should keep a log of his supervised practice. This log should contain a brief description of each case examined and treated by the clinician, a record of the amount of therapy provided, and the name of the immediate supervising clinician. Special attention should be given in these logs to the interpretation of the results of diagnostic techniques employed and to the objective evaluation of the effectiveness of the therapeutic procedures employed. Such logs will later serve as the basis for preparing the report of supervised clinical practice required for ASHA certification.

*Professional experience in speech and hearing.* One year is required for the Basic Certificate and four years are required for the Advanced Certificate. This experience is defined as post-academic (*i.e.*, beyond the academic requirements for the basic certificate), preregistered, paid employment. The candidate must obtain as a sponsor or preceptor a person holding the Advanced Certificate in speech who will certify that the experience has been completed as preregistered.

The applicant's sponsor may be the professor who directed his clinical practice in college, if available, the supervisor of his preregistered position, or any person who holds the Advanced Certificate with whom he can confer about his program.

Minimum standards for professional experience:

1. No credit will be given for any experience prior to the completion of the minimum academic requirements for the Basic Certificate. This means that all persons desiring certification should submit their academic credentials to the Committee on Clinical Certification as soon as they have completed the academic training required for the Basic Certificate. This must, of course, precede the preregistration of professional experience. If there are any deficiencies, they will be notified at once so they can take steps to remove them before they begin their professional experience program.

2. Each candidate for Basic and Advanced certification must, using a special form, register his professional experience program with the Chairman of the Committee on Clinical Certification. This registration must be effected a year prior to the date when the candidate expects to receive credit for a year of professional experience. In registering, the candidate must identify his sponsor. The Clinical Certification Committee will write to the sponsor confirming this relationship and informing the sponsor of his responsibilities. It will be the responsibility of the candidate to obtain forms from the committee and have his sponsor submit a report at the end of *each* year of experience.

3. It is recommended that there should be at least one conference between a candidate and his sponsor each year. When a personal conference is not feasible, the sponsor should correspond with the candidate about his program. The sponsor should determine if the candidate has discharged his clinical responsibilities to his employer's satisfaction during the year.

4. It is the spirit of this requirement that individuals shall have genuine, serious, responsible, professional experience. Widely scattered and slowly accumulated experience will not meet this requirement. One year of professional experience is defined as at least nine months of full time clinical work (minimum of 30 hours per week.) No credit will be given for experience amounting to less than 15 hours per week. Persons devoting less than 30 hours per week to clinical activities may have to spend additional time to complete their professional experience requirement.

5. Professional experience is construed to mean direct clinical work with patients, consultations with parents, teachers, *etc.*, examinations of patients, record keeping, or any other duties relevant to a bona fide program of clinical work. If the applicant has teaching or research duties, as in most college and university situations, such teaching or research should not constitute more than one-third of his load if in speech correction courses nor more than one-fifth if in other areas. If the teaching load is heavier than indicated above, an additional amount of experience may be required.

*Provisional Basic Certificate.* The Committee on Clinical Certification will send each person who satisfactorily completes the minimum academic requirements for the Basic Certificate a letter indicating that these requirements have been met and that upon the satisfactory completion of a year of professional experience the applicant may be granted the Basic Certificate. This letter may be shown to prospective employers as evidence of certification status.

*Sponsor Privilege.* The certification requirements are interpreted to permit members who have completed the academic requirements for Advanced Certification and who have been awarded Basic certification to supervise the practice training of persons working toward Basic certification and to serve as sponsors of the professional experience of applicants for Basic certification.

It is to be noted that the Committee on Clinical Certification must certify that the academic work for the Advanced certificate has been completed before the member is actually eligible to serve as a sponsor and that a sponsor can assume responsibility only for the area (speech or hearing) in which he meets the certification requirements.

**Procedures to be Followed in Applying for Clinical Certification.**

*Provisional Basic Certificate.*

1. Apply to the Secretary-Treasurer who is the ex-officio Chairman of the Committee on Membership for Membership in the American Speech and Hearing Association.

2. Upon receipt of notification of election to Membership obtain from the Chairman of the Committee on Clinical Certification the necessary application forms.

3. Complete these forms according to their accompanying instructions and mail

them directly to the Chairman of the Committee on Clinical Certification.

4. Have an official transcript which covers all the academic work which is listed in the application sent to the Chairman of the Committee on Clinical Certification.

If a course title is not specific, the applicant should ask the instructor or the chairman of the department in which he took the course to send to the Chairman of the Clinical Certification Committee an official statement clarifying the content of the course.

5. If the applicant meets the minimum academic requirements for the Basic Certificate he will receive a Provisional Basic Certificate.

*Basic Certificate. (See procedures above.)*

1. At the time the applicant enters the employment in which he plans to earn the required professional experience, he should:

a. Obtain as sponsor or preceptor a person holding the advanced certificate in the area (speech or hearing) in which certification is sought.

b. Complete the preregistered professional experience form and return it to the Chairman of the Committee on Clinical Certification.

2. After a year of professional experience has been completed, obtain from the Chairman of the Committee on Clinical Certification a form for summarizing professional experience. When this has been signed by the applicant and his sponsor, it should be returned to the Chairman of the Committee on Clinical Certification.

*Advanced Certificate. (See procedures above.)*

1. Applicants for the Advanced Certificate should preregister *each* year of professional experience following the procedures outlined in 1 and 2 under 'Basic Certificate.'

2. After the applicant has accumulated four years of successful professional experience and has completed the academic requirements for the Advanced Certificate, he should obtain the necessary application forms from the Chairman of the Committee on Clinical Certification.

3. Complete these forms according to the accompanying instructions and mail them directly to the Chairman of the Committee on Clinical Certification.

4. Have an official transcript which covers all the academic work that is listed in the application sent to the Chairman of the Committee on Clinical Certification.

If a course title is not specific, the applicant should ask the instructor or the chairman of the department in which he took the course to send to the Chairman of the Clinical Certification Committee an official statement clarifying the content of the course.

5. Candidates for Advanced Certification in hearing must, in addition to the above:

a. Present to the Committee on Clinical Certification a favorable recommendation, as described in item 7 of the requirements.

b. Arrange with the Committee on Clinical Certification to take the examination, as described in item 8 of the requirements.

# MINIMUM REQUIREMENTS FOR HEARING PROGRAMS OFFERING GUIDANCE IN SELECTION OF HEARING AIDS

The American Speech and Hearing Association recognizes that the activities of a hearing service are diverse. No single definition can cover all the legitimate activities that such programs incorporate. In general, such programs offer education and rehabilitational services but do not engage in the sale or maintenance of hearing aids. However, the assessment of hearing to evaluate the potentialities which individuals have for use of hearing aids is frequently an important phase of a program's activity.

A hearing center may be associated with an educational institution, a hospital, or a service agency. There is no inherent reason why such a center could not be a private venture, provided its practices and ethics conform to recognized professional standards. The center may offer medical services if appropriately affiliated and staffed. In any event, the services of the center are distinguished from the general practice of otolaryngology because of their emphasis on nonmedical rehabilitation. Conversely, its services are distinguished from schools whose purpose is the long term academic training of pupils with auditory impairments.

The American Speech and Hearing Association is committed to the philosophy that every activity worthy of designation as a hearing program should satisfy realistic standards insuring its competence. Generally speaking, there is a widely recognized frame of reference for such standards. The qualifications which a center's personnel may be expected to satisfy are implicit in (1) the degree requirements of institutions offering training in audiology, (2) the requirements of the several states for certification of teachers, and (3) the Association's own requirements for clinical competence in the field of hearing. In turn, competent personnel will make demands on administrative superiors which will encourage adequate physical facilities and equipment for the center. Thus, there does not, at the moment, seem to be a need to formulate requirements covering all phases of a hearing program's activities. The principles already established by current practices and a general program of assuring recognition of competent professional workers appear ample safeguards.

The situation is somewhat different when one of the services offered is guidance in selection of hearing aids. This consideration leads to the following statement of requirements which the American Speech and Hearing Association deems minimal if a center engages in this activity.

These requirements were recommended by the Committee on Minimum Requirements for Hearing Clinics (Jack L. Bangs, George A. Falconer, Wallace A. Goates, John W. Keys, Donald M. Markle, S. Richard Silverman, Jesse J. Villarreal, Raymond T. Carhart, Chairman) and approved by the Executive Council at the 1952 Annual Convention.

## Minimum Requirements

A hearing program shall be considered as equipped to engage adequately in the task of guidance in the selection of hearing aids only if it satisfies all the criteria listed below.

*I.A.* The center shall follow a sound plan for obtaining otological guidance and advice regarding its policies and practices.

*B.* The center shall follow a sound policy of obtaining otological diagnoses and adhering to medical recommendations.

*C.* Except where there is medical approval to the contrary, final recommendations regarding hearing aids will be withheld until medical or surgical regimes advised by the otolaryngologist shall be completed.

*D.* If appropriate medical clearance is obtained, the center may make ear impressions and may arrange for the manufacture of earpieces as an adjunct to proper testing.

*II.A.* Personnel shall have qualifications equivalent to those specified by the American Speech and Hearing Association for clinical certification in the hearing field.

*B.* The individual supervising the program of hearing aid selection shall satisfy the qualifications for the Advanced Certificate in Hearing. (Since this certification has just been established, an appropriate time must be allowed in order for persons currently in such positions to demonstrate the adequacy of their qualifications.)

*C.* Persons conducting the tests and other routine activities of the program for hearing aid selection should satisfy the qualifications for the Basic Certificate in Hearing.

*D.* A person who does not satisfy Criterion C may be used only if three conditions are met.[1]

*1.* His activities shall be directly supervised by a certified member of the center's staff.

*2.* The evaluation of findings and the clinical decisions arising therefrom shall remain the responsibility of the staff member.

*3.* He shall have had sufficient instruction, both theoretical and practical, to qualify him for participation in the program before undertaking the above duties.

*III.A.* Special testing rooms shall be so constructed and located as to supply a physical environment which is acceptable for the use to which they are put. The basic requirement is that all special facilities must make possible the validity of the tests or other techniques conducted therein.

*B.* The electro-acoustic and other equipment employed in testing patients shall satisfy the conventional standards for adequacy. The equipment shall be used in such manner as to maintain the validity of the tests employed. This requirement includes arrangements to keep the equipment properly calibrated and in good working condition.

Current practice indicates that ordinarily the minimum equipment is that which allows the exploration of threshold for pure tones as well as both threshold and supra-threshold hearing for speech. Procedures may change as a result of advancing knowledge, and it is explicitly in-

[1]It is the sense of this requirement that students-in-training shall not be substituted for qualified personnel. Students-in-training are here defined as individuals engaged in mastering the techniques involved in hearing aid selection.

tended that the equipment shall be consistent with contemporary clinical standards.

*IV*. The hearing program shall have ample and satisfactory provisions for the educational and rehabilitational management of the persons examined. Either the center must offer these facilities itself, or a sound plan of referring cases for these services must be in effect.

*V*. Any stock of commercial hearing aids with which cases are tested shall represent a reasonable sample of the hearing aid characteristics which are currently available. Furthermore, provisions shall be made to keep these hearing aids in proper working condition.

*VI*. The center shall not engage in the sale of hearing aids or accessories.

*VII*. The center shall adhere to sound ethical practices.

*A*. The code of ethics of the American Speech and Hearing Association shall be observed.

*B*. The center shall maintain a positive policy of offering access to its philosophy and method of operation.

*C*. The center shall not release advance information on its recommendations to a commercial organization or an individual engaged in the sale of hearing aids.

*VIII*. The center shall adhere to a policy of referring patients about to purchase hearing aids only to commercial organizations and individuals who have demonstrated their integrity, their competence in dealing with hard of hearing persons, and the adequacy of both their facilities and service.

# HONORS OF THE ASSOCIATION

The Honors of the Association may be awarded upon the recommendation of the Committee on Honors with the approval of the Council in recognition of distinguished service to the profession.

# FELLOWS

'Fellowship is an honor which may be awarded to a Member in recognition of achievement in the directions indicated by the statement of the purposes of the Association as recorded in the By-Laws. It has no fixed requirements, and it may not be applied for or proposed by a Member for himself. It is not a class of membership, is not awarded to any arbitrary percentage of the membership, and is not applicable to non-Members or Associates.

A Fellow shall have been active in the Association, as evidenced by publication in the *Journal*, appearance on the convention programs, or service on committees, and shall have a record of achievement, unquestionable and sustained, of one or more of the following types: (1) original contributions to the advancement of knowledge; (2) distinguished educational, professional, or administrative activity; (3) outstanding service to the Association.'—*Extract from the Report of the Committee on Honors*, 1951.

# CLINICAL CERTIFICATION

## MEMBERS

'The Association defines two levels of clinical competence, Basic and Advanced, in each of the separate areas, speech and hearing. Any Member who so desires may apply for certification at either level in one or both areas; if in both, the levels of certification need not necessarily be the same. Upon review of his qualifications in light of the standards set by the Executive Council upon recommendation by the Committees on Clinical Standards in Speech and Clinical Standards in Hearing, the Committee on Clinical Certification will issue, with approval by the Executive Council, the certificate or certificates for which the Member qualifies. These certificates will be renewed annually as long as the individual remains a Member in good standing of the Association. Certification by the Association shall be considered as evidence of clinical competency.'
